## **Call for Proposals**

NCCASA's 2017 Conference, **From Premise to Practice: Applying a Comprehensive Trauma Lens**, will focus on the components of trauma-informed care, associated best practices, and expanding the scope of our trauma lens. We will also highlight issues of historical trauma, vicarious trauma, trauma in the workplace, and trauma resulting from systemic oppression.We are looking for workshops that address primary prevention, service delivery & intervention, enhancing agency capacity, outreach, community organizing, and program management & development.

Workshops are 90 minutes in duration, and we are looking for trainers who are interactive, engaging, and provide participants with something tangible. We envision workshops that go beyond lecture style presentations we are accustomed to and encourage a delivery style such as Train the Trainer, case studies, or small group work. Our goal is to offer participants a conference experience with minimal lecture that promotes participation amongst attendees.

The Conference Committee comprised of NCCASA members and allied professionals will select workshops based on the content of the proposal and the relevancy to the 2017 conference.

**Guidelines for Submitting Proposals:**

- Please complete the training proposal form on the following page. Incomplete proposals will not be reviewed by the Proposal Committee.

- Training proposals are due by **5:00pm on Friday, December 2nd, 2016**. Proposals received after this deadline will not be reviewed by the Proposal Committee.

- Please submit your training proposal via email with the subject line, "TRAINING PROPOSAL," to Kristen Howe, Director of Training and Education, at Kristen@nccasa.org.

- Training proposal submission does not guarantee workshop acceptance.

- Notification of selection will happen on Friday, January 6th, 2017.
